Re: Revision of the Parks, Recreation and Tourism Management sub-plan Tourism and Commercial Recreation

A. Title: Parks, Recreation and Tourism Management 15PRTBS, Concentration: Tourism and Commercial Recreation 15PRTTCR, Term Date: 7.2009

B. Revisions: Reconfigure the 18 hour concentration to have twelve (12) hours of required courses and six (6) hours of elective courses.

1. Drop PRT 320 – Reason: The course is no longer taught.
2. Move PRT 407, Services, Facilities and Event Marketing and PRT 458, Special Event from the required concentration list to the elective concentration list. Reason: Allow students more flexibility to take courses in other areas of tourism.
3. Add PRT 419, Sustainable Tourism and PRT 430, Poverty, Health and Tourism to the required concentration list. Reason: Courses will give students more focus on the equability and sustainable aspects of the tourism industry.
4. Allow students to select between ACC 210 and MIE 201. Reason: Allow students more flexibility to taking courses in other areas of tourism.
5. Move 6 hours from the required list to create an elective list. Reason: Allow students the flexibility to take classes that will address their interests in tourism development; tourism, culture and heritage; and tourism impacts on natural resources.

C. Requirement group: The concentration section of the degree audit is the only section of the degree audit impacted.

D. No major impact on other departments. Have consulted with CALS and CHASS and CNR to get permission to add selected classes to the concentration elective list. See attached.

E. No impact on current students in the tourism and commercial concentration. They will be able to complete the concentration they are currently enrolled in. We will substitute PRT 419 or PRT 430 for PRT 320 that we no longer teach.

Adrianna,

I heard back from AEE and they would be happy to have the students in the course.

Have a great weekend.

Please review and let us know if this course can't be included on the Tourism Concentration Elective list. The enrollment in the concentration is around 35 students so we are not expecting more than 1 to 2 students per semester to enroll in the classes on the list. (There are 9 courses in CHASS that we are requesting, as well as 3 in CNR.)

Gary,

The Parks, Recreation and Tourism Management Department is revising their undergraduate Tourism Concentration. The Natural Resources classes below have been selected for inclusion on the elective list. Please review the list and let us know if any of the courses can not be included on the Tourism Concentration Elective list. The enrollment in the concentration is around 35 students so we are not expecting more than 1 to 2 students per semester if that many to enroll in the classes below.

Candace,

As you may be aware, NR 350 is a summer-study abroad course (traveling to Sweden again in 2017 and subsequent odd years, to Canada in even years), but we would welcome any of your students to the mix.

I am fairly certain that Sarah Warren would have no problem welcoming your students into her course. Have copied her.

Hi Deanna,

The Parks, Recreation and Tourism Management Department is revising their undergraduate Tourism Concentration. The CHASS classes below have been selected for inclusion on the elective list that will include 18 courses. Please review the list and let us know if any of the courses can't be included on the Tourism Concentration Elective list. All but the Anthropology courses are already on a GEP list. The enrollment in the concentration is around 35 students so we are not expecting more than 1 to 2 students per semester to enroll in the classes below.

ANT 433 Anthropology of Ecotourism and Heritage

SOC 311 Community Relations – Social Science GEP

SOC 342 International Development – Social Science GEP

Please contact Candace Vick ([cvick@ncsu.edu](mailto:cvick@ncsu.edu)) if you have questions.

Thank you,

Adrianna

Re: Revised Sub-Plan Title for the PRTM- Tourism and Commercial Concentration  
Date August 30, 2016

Current Sub-Plan Title: Tourism and Commercial Recreation, SIS Code: 15PRTTCR, CIP Code: 31.0301

Proposed Sub-Plan Title: Sustainable Tourism, New SIS Code: 15PRTST, CIP Code: 31.0301

Justification: The Sustainable Tourism title more accurately portrays the focus of the undergraduate tourism concentration. Courses in sustainable tourism (PRT 419) and tourism, poverty and health (PRT 430) have been approved and will be added to the concentration as part of the concentration revision. The new courses will encourage students to approach tourism from people, profit, and the planet perspectives. The concentration will educate students to understand the local and global tourism opportunities and challenges and prepare students to create positive experiences for visitors and sustainable prosperity for their communities.

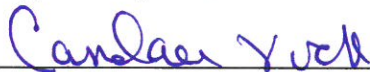

The revision of the sub-plan title will not impact the classification of the program because the overall degree is still Parks, Recreation and Tourism Management.

The revision will not impact any other program or department at NCSU.

The revision of the sub-plan title should not impact current students in the sub-plan. Once the new title is approved, current students can elect to graduate in the old sub-plan or move to the new sub-plan.
