WELCOME AND INTRODUCTIONS

- **Remarks from Chair** - Welcomed the committee members introduced guests.
- **Remarks from OUCCAS/DASA- Li Marcus reminded the committee enrollment will begin mid-March and the next CUE Meeting will be March 16, 2018.**
- **Approval of the Minutes from January 24th 2017 – *Approved Unanimously***
 - Discussion: Member Scott Despain moved to approve. Minutes from the previous meeting were presented and approved without further discussion.

NEW BUSINESS

- **FOR 472 Forest Soils-*Approved Unanimously***
Discussion: Member Edwin Lindsay presented the course. Member commented that there are a series of crop and soil sciences at NCSU and wondered if there is overlap. Guest Rachel Cook responded that the crop and soil science courses are focused on agriculture while this course will be focused more on forest environment soils. This course will go out in the field. Member asked about the lecture/lab equivalency formula and how the hours add up, Li Marcus provided a brief description of how to calculate hours based on the ratios. Member pointed out in the CIM field there are 5 lab assignments and the syllabus there are 7 lab assignments, this will be corrected immediately based on the instructor's approval during the meeting to match the syllabus.
- **BA Design Studies (12DSBA) -*Approved Unanimously***
Discussion: Member Kathleen Rieder presented the curricula action.
- **COM 289 Science Communication and Public Engagement –*Approved Unanimously***
Discussion: Member Scott Despain presented the course.
- **FL/ECI 436/(536) Perspectives on English as a New Language-*Approved Unanimously***
Discussion: Member Scott Dispain presented the course and introduced the guest Jillian Haeseler. Member said when printed the CIM information it provided additional fields, this is a CIM printer friendly issue. Member asked for clarification if the rounding statement indicated the instructor will not round up in the mathematical scenes or if at the plea of students.
- **PA 498 Special Topics in Public Administration- *Approved Unanimously***
Discussion: Member Megan Cherry presented the course. Member asked about the course length, guest Jim Brunet explained how the course length would be spaced out. Member asked if there would be in-between grades for the participation rubric, guest responded that participation will be within either 100%, 75%, 50%, 25%, or 0%. Member asked if excusable absences will be based on emergency or university standards. Guest responded that the students are usually police officers that may need to be absent for various reasons due to their jobs and are worked out on an individual basis. Member asked why the course is 400 level and the guest responded this was done originally for tuition purposes, but works well as a 400 level course. Management leadership training for police officers is a total of 5 courses, 3 undergraduate and 2 graduate level courses.

- **REL 220 Religion in the Contemporary World- Approved Unanimously**
Discussion: Member Megan Cherry presented the course.

Discussion: Li Marcus updated the committee on the process map.

Meeting adjourned at 1:03 pm

Respectfully submitted by Lexi Hergeth

RE: adding new courses BIO 416 & BIO 418 to electives lists in our undergraduate curricula
DATE: 7 January 2018

Proposed changes and justification

This minor action proposes to (1) add the new course **BIO 416 Cancer Cell Biology** to the following electives lists:

- 17GNBS: Cell Biology/Physiology Elective in Genetics
- 17MBIOBS: Cell/Physiology Elective in Microbiology

This minor action also proposes to (2) add the new course **BIO 418 Cell Biology Research Lab** to the following electives lists:

- 17MBIOBS: Laboratory Elective in Microbiology
- 17GNBS: Restricted Electives in Genetics

Finally, this minor action proposes to (3) add both new courses **BIO 416 and BIO 418** to the following electives lists:

- 17BIOBA: Life Science Electives
- 17BIOSCBS: Additional Science & Math Electives
- 17ZOOBS: Additional Science & Math Electives
- 17BIOSCHB: HB Electives

RE: adding new course BIO 416 as an alternative to BIO 414 in two curricula
DATE: 7 January 2018

Proposed changes and justification

This minor action proposes to (1) add the new course **BIO 416 Cancer Cell Biology** as an alternative to the current BIO/PB 414 Cell Biology requirement in both 17BIOSCPN and 17BIOSCMCD. In both cases, please change the current requirement as follows:

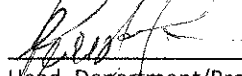

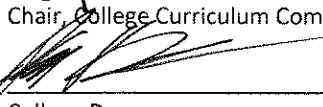

BIO 414 Cell Biology Cell Biology (3 units; C- or better)

Then create a course list of possible courses to meet this Cell Biology requirement that includes:

- BIO 414 Cell Biology
- BIO 416 Cancer Cell Biology
- PB 414 Cell Biology

BIO 414 and PB 414 are the same course.
