Discussion: The college of sciences met regarding the BME matter discussed on January 26th. The college of sciences requested a specific example of a program. The Chair-Elect will take that request to the college of engineering and return comments back to UCCC. The Chair commented that this is unlikely to affect the minors of the college of textiles, therefore the college has no concerns. Correction to the agenda, move LAR 445 to Sustainable Design and Development

Meeting adjourned: 1:17 PM.
