SUBJECT: Administrative Advisory Committee on Faculty Well Being

DATE: August 26, 2016

I appreciate your willingness to serve on the Administrative Advisory Committee on Faculty Well Being. I especially appreciate Dean Braden's willingness to serve as chair again this year.

Your charge is to provide advice to me on any and all matters related to faculty well being. Please continue to network with groups on campus to avoid duplication of effort or recommending actions already under way or planned.

Thank you for participating in this important endeavor. Dean Braden will contact you soon to schedule the first meeting.
