Growth of Programs, Events, and Workshops

NCSU Libraries
April 2017

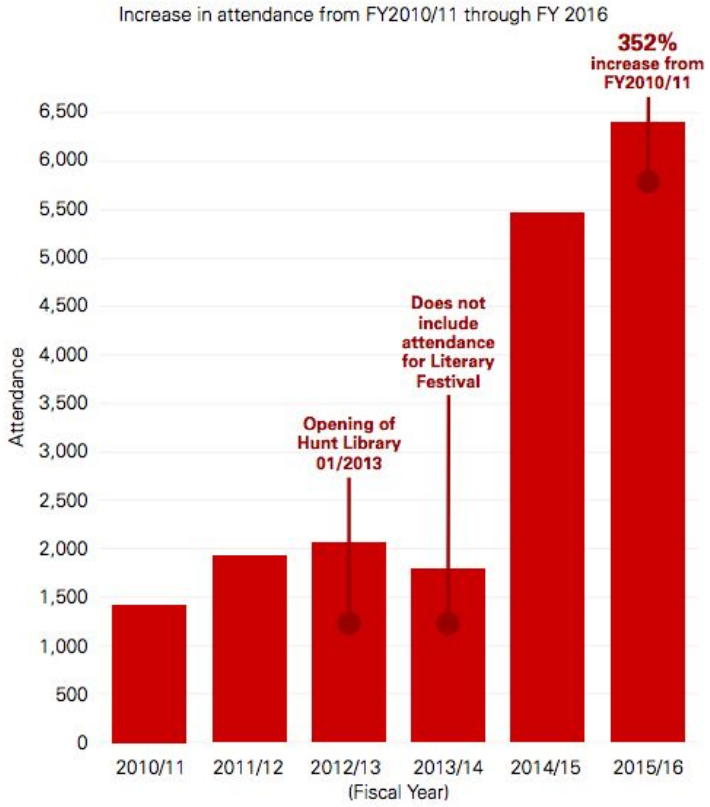
Experiential Library + Skill Development

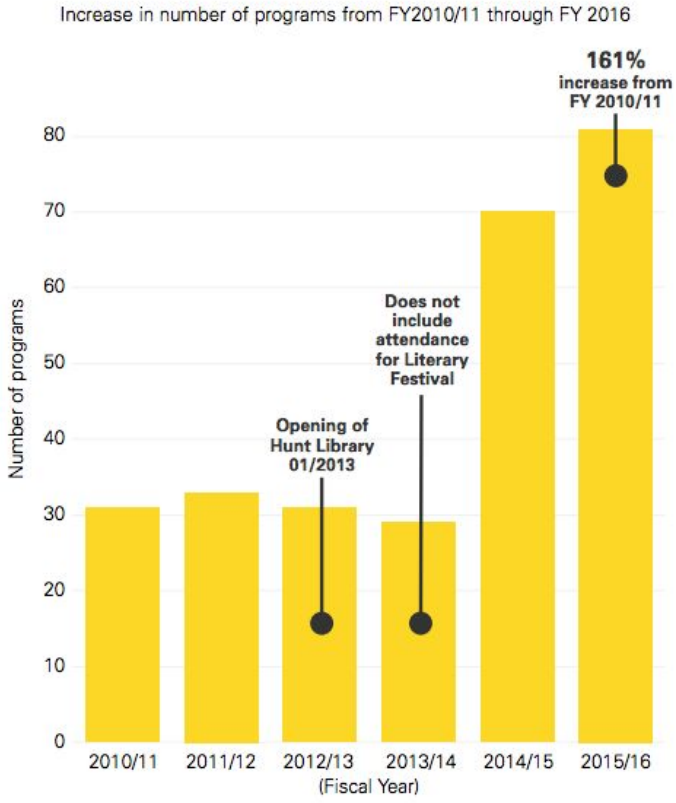
Program Goals

- Highlight the incredible faculty research, creative pedagogy, and innovative student work from NC State
- Bring together community - collaboration and interdisciplinarity
- Engage alumni and area communities
- Promote library spaces, technologies, and expertise that drive research and enhance student success

Program Growth

OVERVIEW OF PROGRAMS

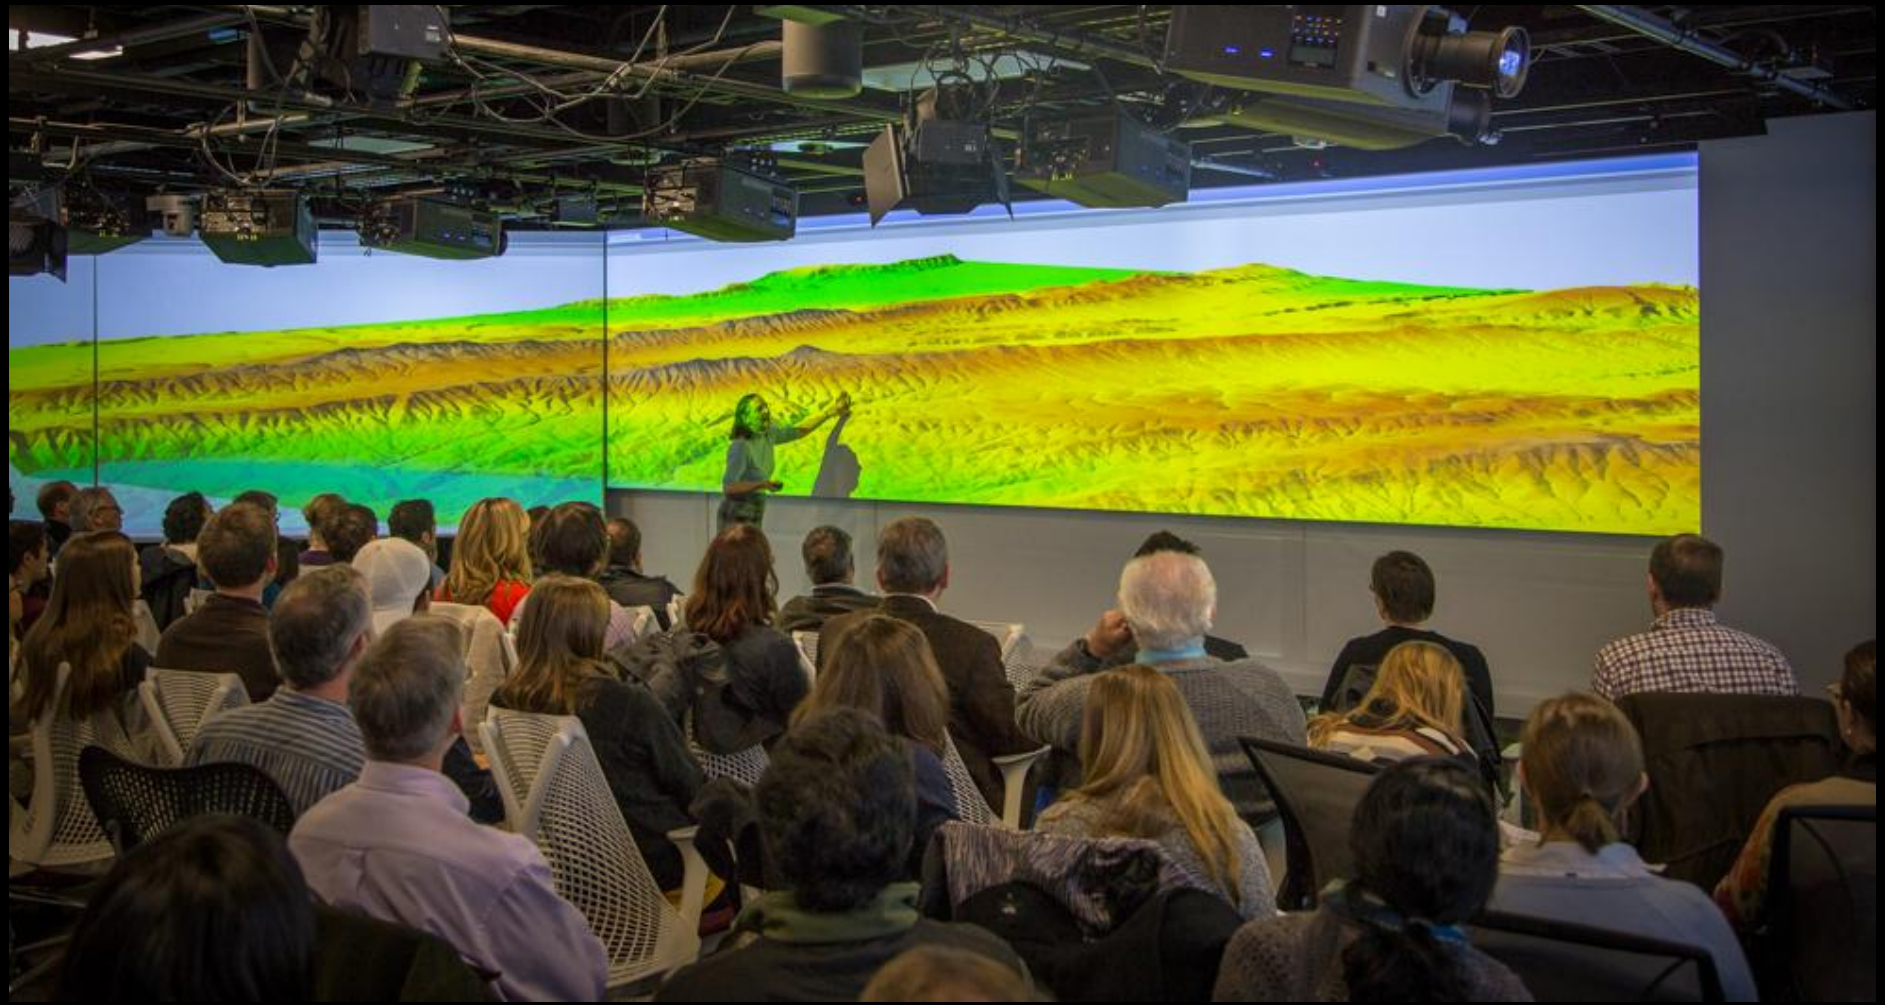




Highlighting Faculty Work: Coffee & Viz

“My presentation at Coffee & Viz has enabled me to forge several important and cross-cutting collaborations. These connections would not have been possible through more traditional venues; Coffee & Viz provides a rare forum for the kind of interdisciplinary work that is required to tackle difficult problems facing society.”

—Dr. Gary Lackmann, Marine, Earth, and Atmospheric Sciences



Enhancing Student Success - Showcasing Student Work

"There is no other outlet NC State currently provides to showcase student works . . . of this nature."

"Yes, there's a special sense of validation for the effort I went through when [my work] is shown in front of an audience outside of the class I worked in."

Face Size Estimation
Used my face as a means of measuring
Upper Surface area $\frac{1}{2}\pi a_1 b$
Lower Surface area $\frac{1}{2}\pi a_2 b$
$a_1 = 12.51\ cm \quad a_2 = 9.99\ cm \quad b = 6.6\ cm$
of the Face= 233.264cm^2

Expanding Our Reach: Partnerships

Building Community - Amazing Alumni

Workshops

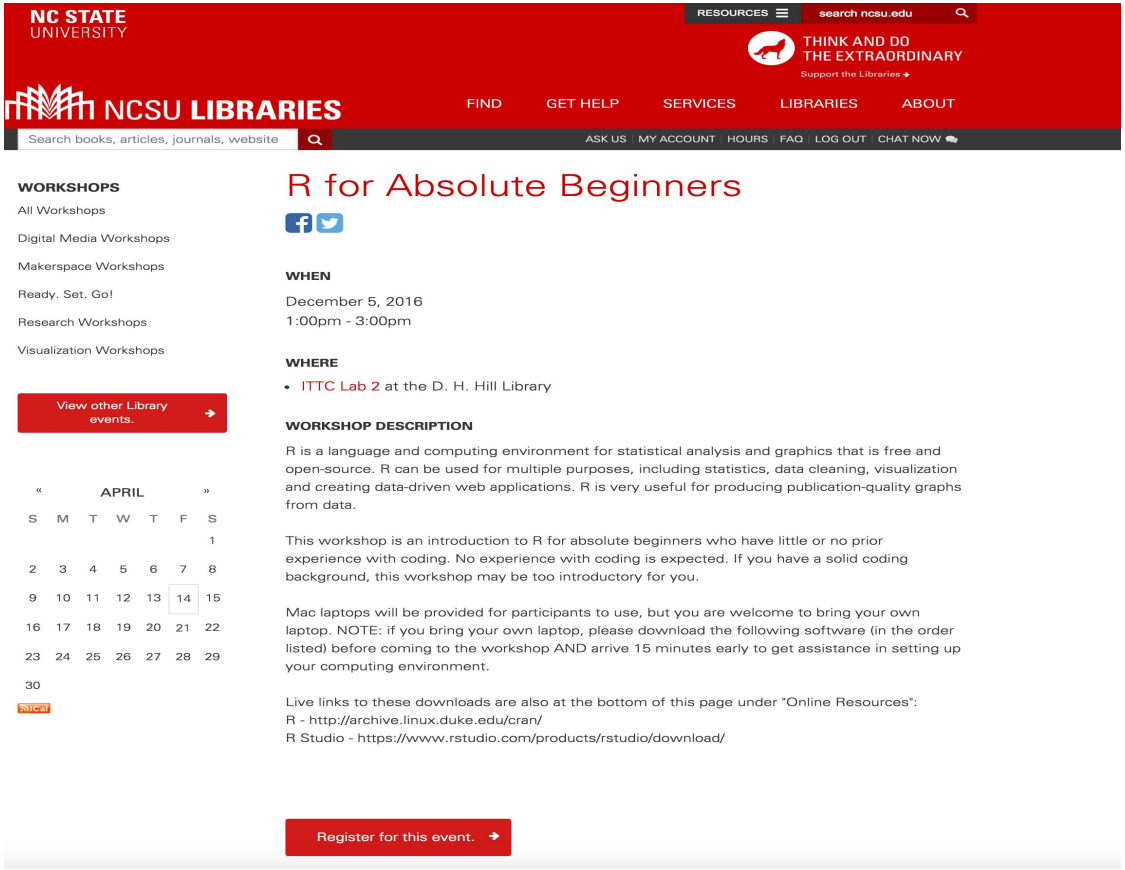
- Foster creativity in teaching and learning.
- Provide student success skills while enrolled and in careers.
- Advance research enterprise.
- Skill and capacity development.
- Last year offered 430 workshops in emerging areas to over 6,000 students, staff, and faculty.

Making Space

Digital Media

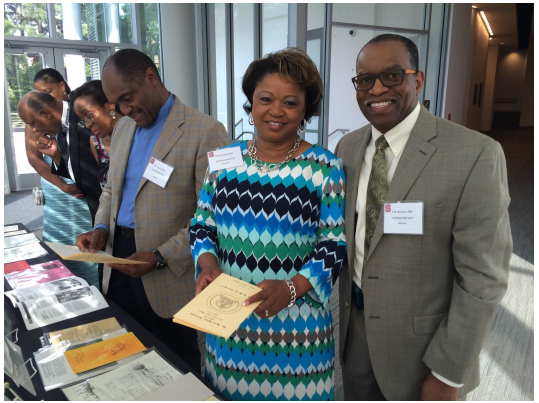
Dissertation Workshop

Emerging Tools and Skills: Tableau and R Programming



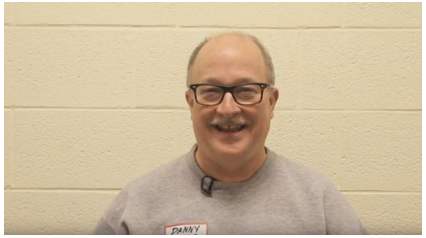
Special Collections Outreach

- Increase **awareness and visibility** of collections.
- Encourage **innovative use** of collections in teaching and research.
- Build **greater diversity** in collections, targeting under-documented areas and audiences.



WOLF TALES

CAPTURING VOICES OF THE PACK

Mobile video oral history outreach for:


- Community engagement
- Documenting diversity
- Reuse in teaching, research, and digital storytelling
