### **RECOMMENDATIONS**

With the evolution of the Division of Academic and Student Affairs along with implementation of a more comprehensive approach to wellness on NC State's campus, the Student Health committee as originally established is no longer needed. As a result of implementing this more inclusive approach, a Wellness Advisory Committee will be created and charged to advise the Provost and Vice Chancellor/Dean on student, faculty and staff wellness at NC State. Volunteers for the advisory committee will be sought using the standing committee survey process. The committee will include student representatives sought through Student Government.

### **SUMMARY OF DISCUSSION ITEMS/ACTIVITIES OF COMMITTEE**

The committee met on November 16, 2017. The history of the Student Health standing committee, as well as DASA's plan to create a Wellness Advisory Committee, was shared with current members of the Student Health committee. Questions were answered and several members expressed an interest in serving on the Wellness Advisory Committee that will be created and charged by Provost Arden in 2018.

### **RECOMMENDATION FOR REVISION OF CHARGE AND/OR MEMBERSHIP CONFIGURATION (if applicable)**

The recommendation to discontinue the Student Health committee was endorsed by the Committee on Committees on May 2, 2018 and was subsequently approved by the Chancellor. It will be discontinued on July 1, 2018.
