NEW BUSINESS

Consent Agenda (AFS/PS 409, ENG 201, ENG 233, FLF 414, HON 391)

Discussion: Motion to approve the consent agenda by member Tania Allen. Approved Unanimously

Courses for GEP Review

- **DAN 272 Dance Composition – Solo Forms:** (VPA) – Approved Unanimously
Discussion: Motion to approve by member Autumn Belk. Reviewer commented that the course looks good. XONV member noted that the syllabus and CIM have different evaluation methods which may come up at UCCC.

Courses New to GEP

- **ED 100 Intro to Education:** (USD) – Approved Pending
Discussion: Motion to approve by member James Minogue. Reviewer indicated the first outcome seems to indicate that students are looking not at how identities are shaped but by how the identities impact something else. Member suggested that this first outcome would be appropriate for objective four rather. Motion to amend the motion to approve pending moving the first outcome to align with the fourth objective.
- **EMS 350 Teaching Environmental Education:** (IP) – Approved Unanimously
Discussion: Motion to approve by member James Minogue. Members complimented the clear disciplines and the collaboration with CNR and Leadership in the public sector. Member commented that the disciplines seemed to be two, but they do provide additional disciplines.

GER>GEP Review

- **AFS/SOC 305 Racial and Ethnic Relations:** (SS, USD) – Approved with Friendly Suggestion
Discussion: Motion to approve by member James Knowles. XONV member indicated the first outcome seems to be two outcomes and brought attention to the second outcome asking if it should read “describe and compare”, member picked this up as a friendly suggestion to send to the faculty.
- **ARE 309 Environmental Law & Economic Policy:** (SS) – Approved Unanimously
Discussion: Motion to approve by member Carrie Pickworth. Chair read review notes of absent member indicating the course has proper alignment and supports a motion to approve.
- **ARE 433 U.S. Agricultural Policy:** (SS) - Approved Unanimously
Discussion: Motion to approve by proxy member Frank Edens. Chair read the review of absent member indicating the course GEP information and suggested including a syllabus if needed for UCCC.
- **EC 205 Fundamentals of Economics:** (SS) – Approved Unanimously
Discussion: Motion to approve by member Richard Podurgal. Chair read the review of absent member indicating the “course looks similar to EC 201, for example GEP social sciences objective 1 student learning outcomes and measures are identical, and in EC 201 obj 3 outcomes and measures is similar to EC 205 obj 2. It is noted that students can’t get credit for both EC 205 and EC 201. The textbooks are different between EC 201 and 205, as well as the topics covered in each course (as indicated in the last few pages of each courses’ syllabi). EC 205 supplies a document that has significant overlap with the sample questions with EC 201 (not surprising since some of the obj and outcomes and measures were identical). There were a few sample questions that were different, particularly for obj 3 learning outcome. Catalog description for each class is different—EC 205 has some macroeconomic analysis. I think as long as the two courses are sufficiently different, then I would support a motion to approve”.
- **FOR 252 Introduction to Forest Science:** (NS) – Approved for Sunset
Discussion: Motion to begin the sunsetting process by member Kimberly Bush.
- Motion to combine the motions HI 264 and 270 in one bundle and HIM 335, 350 and 366
- **HI 264 Modern Asia 1800 to Present:** (HUM, GK) – Approved with Friendly Suggestion
Discussion: Motion to begin approve by member James Knowles. Member asked if the first outcome in global knowledge and indicated “demonstrate understanding” wasn’t the best wording, but the further detail did explain. XONV member indicated language such as “Describe and explain”, in the first HUM outcome member picked up as a friendly suggestion.
- HI 270 Modern Middle East:** (HUM, GK) – Approved with Friendly Suggestion
Discussion: Motion to approve by member James Knowles. Member indicated the GEP outcomes are fine. XONV member indicated HUM objective 2 the outcomes references the “these transformations” and member made this a friendly suggestion to include the “major social, political, ideological and economic transformations”.
- **HI 335 The World at War:** (HUM, GK) – All three Approved Unanimously
Discussion: Motion to approve by member James Knowles This course is up for HUM review and new to GK, both categories reviewed.
