University Standing Committee University Housing Advisory Committee

Academic Year Covered by Report 2022 - 2023

Date Report Submitted May 19, 2023

Report Submitted by Dr. Jameco McKenzie (Chair)

Number of times committees met five times

Name of Chair-Elect Krispin Barr, Ph.D.

### **RECOMMENDATIONS**

The committee did not make any new recommendations for University Housing.

### **SUMMARY OF DISCUSSION ITEMS/ACTIVITIES OF COMMITTEE**

The committee's activities centered on becoming familiar with the department's operations and learning about the impact and ongoing improvements University Housing has made programmatically and structurally to continue providing preeminent residential services and experiences at NC State.

During the first meeting held on September 20, 2023, the committee heard from the AVC & Executive Director, and Finance Leads for University Housing about rental rates and voted to endorse rate changes after engaging in a detailed review of the scope and projected expenditures and revenues.

In addition to the rate change vote, the committee engaged in conversation with University Housing Staff around the following topics throughout the academic year:

- University Housing Student Staff Development & Training Programs
- Room Selection Process Updates and Improvements
- Procurement of additional Housing beds to the University inventory for the upcoming year through a third party lease
- Experiential Learning Opportunities for Students in University Housing
- UH Activities, Programming, Outreach & Living and Learning Villages
- Support for Students and Student Staff through mental health and on-campus crisis

Throughout five meetings in the academic year, the committee members expressed appreciation and recognition for the high level of competency in how the University Housing team executed their duties and responsibilities, especially in a year of increased complexities and unexpected losses.

### **RECOMMENDATION FOR REVISION OF CHARGE AND/OR MEMBERSHIP CONFIGURATION (if applicable)**

The committee recommends that the current membership configuration remain unchanged for the upcoming year.
